Let's face it, while most ordinary folk bemoan the end of summer, us knitters are **secretly** a little bit pleased about the onset of chilly days and the need to **wrap up warm**. Time to start knitting for autumn! In this issue we've got some fantastic **seasonal patterns** to keep you and yours cosy. Check out Charmaine Fletcher's

co-ordinated accessories set on page 35 – **quick projects** that will instantly add a layer of warmth to your outfit before you venture out. Jo Allport has designed a **stunning** and **versatile** long-line cardigan (p13) and the good news is you can make it from only £17.50! Plus you can also snuggle down at home with our **stunning** knit and crochet cushions (pages 59 and 85). See page 61 for four more **stylish home projects** to download for free.

Our gift to you this month is a kit to knit adorable **Hugo the Hedgehog**. As if he wasn't already special enough, he's made from eyelash yarn that's subtly sparkly. You'll find the pattern for Hugo on your **free leaflet**, and a bonus pattern for an alternative use for the yarn on page 7. Don't forget to get in touch with us to show us your finished makes!

Happy knitting!

STEPPING OUT TOGETHER

Our Summer of Socks series may have come to an end but that doesn't stop you from knitting amazing socks in vibrant colours to keep your toes toasty as the weather cools down. The Knitters Attic 'Stepping Out Together' range of self-striping yarns knit up to make identical socks and they're even presented in scrummy little cake boxes to tempt your sweet tooth. Each set costs £22 from 01304 547077, www.theknittersattic.co.uk

Let's knit LOVES...

OUR ROUND-UP OF WHAT'S HOT IN THE KNITTING UNIVERSE

Homely couture

Couture Wool Company has become our new home style crush. Handmade from 100% merino roving in Yorkshire by Claire Gelder, the range of blankets, scarves and slippers are pure chunky knit heaven and you can make your own with one of her kits, including phenomenal 40mm needles and roving in an incredible choice of shades. This lovely blanket and kit retail for £250 and £64.99 respectively from 07926 997833, www.WoolCoutureCompany.etsy.com

Did you know?

Knitting was once a male only occupation!

Four-legged Friends

Us knitters know that nothing is cuter than a pooch in a handknitted jumper, right? Thankfully Stylecraft have brought us Ozzy, Peanut and Frank; adorable doggy jumpers in the practical Life Chunky yarn to keep our four-legged friends warm and us cooing at the cuteness. Each pattern costs £2.75 from 07974 954663, www.awoollytail.com

SHETLAND WOOL WEEK

Are you ready to celebrate Shetland Wool Week? Jamieson & Smith is ahead of the celebrations – starting September 26th until October 4th – with stylish totes made from quality strong cotton canvas for you to carry your next Shetland wool project in. Each bag costs £4 from 01595 693579, www.shetlandwoolbrokers.co.uk

CHARITY WE LOVE...

The Donkey Sanctuary

The Donkey Sanctuary in Sidmouth, Devon, has rescued 15,500 donkeys over the past 40 years and now they're looking for knitters to take up their needles to support their work and promote donkey welfare across their 29 project countries. Knitted from their

free online pattern, these four-legged knitted friends are made solely by volunteers and then sold in both the Sanctuary visitor's centre and online to raise vital funds. Community fundraising manager, Kirsty Christmas, says "We are thrilled with the success of these lovable characters; our amazing supporters have shown once again that they can literally turn their hands to anything." To get a free donkey pattern or for more information call 01395 578222, or visit www.thedonkeysanctuary.org.uk

Get hooked!

We love a classic granny square blanket here at Let's Knit and Deramores new Cedar River blanket crochetalong is delightful! Designed by Kat Goldin, the pattern uses Deramores Studio DK which is a steal at just £1.99 a ball. Better yet, you can get 15% off with this issue. Find the free pattern and yarn you'll need at 0800 488 0708, www.deramores.com

HEIGHT OF QUALITY

In Japanese, *Takumi* means 'artisan' which is fitting for Clover's new superior quality bamboo needles. Starting at £4.99, the range of single pointed, double pointed and circular needles are highly durable and a delight to work with. For stockists, call 01453 883581 or email clover@stockistenquiries.co.uk

CLEVER ACCESSORIES

Stitch holders are an essential accessory in any knitters' basket but these new circular ones from Pony are something else. Perfect for larger projects where flexibility is needed and with an RRP of £2.99, we think they're a great little purchase. Call 01453 883581 or visit groves@stockistenquiries.co.uk for stockists.

September IS THE MONTH...

...OF NATURAL FIBRES, AUTUMN ACCESSORIES AND BACK TO SCHOOL!

This Month's — MUST VISIT —

Share your passion for all things woolly with YarnDale! Now in its third year, YarnDale is a celebration of yarn in its many forms, from its early days as raw fleece to its inspirational finished form. Taking place in Skipton, North Yorkshire, across the 26th-27th September, the fibre-full event showcases the talents of over 180 textile artisans selling everything from delightful yarns to handmade goods. Don't forget to take a look at the workshop theatre, where you can get hands-on with a wide range of textile-based activities under the guidance of skilled local artists! Tickets start at £8; for more information, call 01756 770323 or visit www.yarndale.co.uk

THIS MONTH *We're knitting*

Editorial assistant Molly has knitted her own version of Baa-bara the sheep from the LK website! "I used an eyelash yarn instead of a DK yarn to give the toy a fluffy texture. It was hard to see the stitches, but it was worth it in the end!"

DATES FOR *September*

WE ASKED *our readers*

Have you ever encouraged a fellow knitter to start a new pattern?

EM DAY

I did it to my mother the other day! She was working through her works-in-progress, but mentioned she fancied a change.

SHIRLEY BELINDA MCCULLOUGH

At 84 my mum sometimes gets bored doing adult garments, so I encourage her to start hats or tiny cardigans.

KAREN INGLIS

Every time I hear 'can you knit...' from someone, I give in. Especially from my grandson who's only three!

WHAT'S HOT ON THE LK WEBSITE

With autumn in the air, we're all feeling that instinct to cosy up indoors and start crafting homewares for our winter abode. Fun, quirky and practical, too, this cute bag is perfect for holding all of your pegs. You can download the pattern for free from www.letsknit.co.uk!

MARTINE *makes*

GUERNSEY GIRL MARTINE SHARES HER PASSION FOR ALL THINGS HANDMADE. AS WELL AS BEING A KNITTER, SHE'S A TEACHER, PODCASTER AND REMARKABLY AVERAGE UKULELE PLAYER. FIND OUT MORE AT IMAKEGSY.COM.

Most people will agree that knitters are pretty skilled individuals. We transform yarn into fabric using a couple of sticks! Knitters also have slightly less obvious skills, one of which is the ability to 'enable' fellow knitters. My knitter friends encourage and enable me to cast on new projects, even when my work in progress pile/mountain is threatening to take over the spare room. Through their gorgeous photos on social media, they enable me to discover new indie dyers whilst simultaneously reassuring me that I do need that skein of lace weight yarn. So in the spirit of enablement, I hereby tempt you with the following...

Yarn

Everyone needs a pair of socks or mitts featuring a watermelon stripe pattern, don't they? If you thought you didn't need such a thing, think again. Etsy seller, Abi Grasso (ArtisticYarnbyAbi), hand-dyes wonderful watermelon-patterned yarn using professional grade dyes that won't fade or bleed. Considering there is a waiting list for this particular yarn, and it ships from the US, it really doesn't take long to arrive. It's definitely worth the wait.

Clubs

Yarn clubs are, to an extent, a form of moderate enablement. The idea of paying a monthly subscription to receive a gorgeous skein of yarn every month seems sensible. Clearly, if you join a yarn club, you won't need to buy any more yarn. So it make good financial sense? Doesn't it? I'm sure it must. Until, perhaps, you join another yarn club. Or there is a sale at your local yarn shop...

Have I enabled you? My work here is done...

TTFN

Martine XOX

Patterns

At first, a knitting pattern is just a PDF file or a page in a book or magazine. In the near future it will become an elegant lace shawl, a pair of funky socks or perhaps or a cosy autumn jumper. A well-written pattern combined with stunning photography can enable the most restrained of knitters. Currently I am enjoying knitting the Pebble Beach Shawl by Helen Stewart and I am coveting a number of SpillyJane mitten patterns (all available to download from Ravelry).

Pick from the LK BLOG

With the new term on the horizon, it's time to start making those back-to-school projects in time for the start of next semester. Stuck for inspiration? Visit our website and you'll find a whole host of creative patterns and designs, all chosen just for you!

Fire Glow

Jo Allport's autumnal cardigan is perfect for the changing seasons

We love the warming colours of this long-length cardigan – they remind us of crunching through autumn leaves in the park. The pattern is a variation on rib with added increases and decreases to create an eyelet pattern that looks just like flickering flames.

DESIGNER

"I love garments that can last through the seasons, so I designed this lovely cardigan with a longer length than usual but with short sleeves. It can be worn with a strappy top and long skirt during the late summer, but has a bit of warmth if the evenings get chilly, or it can be worn through the winter with a long sleeved top, jeans and boots!"

About the Yarn

DY Choice La Paz is a light aran yarn, which blends 75% acrylic with 15% mohair and 10% alpaca. The two natural fibres combine to add softness and give projects a subtle fuzzy halo. It has a self-striping pattern, can be machine washed and comes in ten shades.

Need an Alternative?

If you'd prefer solid colourways, try James C. Brett Aztec. It's an acrylic and alpaca blend, which is machine washable. It is slightly thicker than the yarn used here, so experiment with needle sizes when knitting your tension square.

Let's Shop

DY Choice La Paz costs £3.49 per 100g (190m) ball from 01925 764231, www.blacksheepwools.com

James C. Brett Aztec has an RRP of £2.99 per 100g (190m) ball. For stockists, call 01274 565959 or visit www.jamescbrett.co.uk

LONG RIBBED CARDIGAN

knitwise

Customisation station

This lovely cardigan is really easy to alter to suit your style. As the body is worked to a certain length, rather than specific number of rows, all it takes is a quick measurement to transform it into a shorter garment. If you would prefer longer sleeves, work more rows in double rib before starting to shape the top of the sleeve.

"Take your time embroidering Pippa's features and making sure you're happy with the final result – it's the finishing touches that really make a toy come to life."

VAL PIERCE

Avid LK fans will remember back in issue 29 (that's 2010, in case you didn't know!), we had a pattern for a sweet little dolly called *Jemima*. Introducing her little sister, *Pippa*! She has bags of knitted charm and is sure to become your tot's favourite plaything in no time at all. Don't forget to pick up a copy of our October issue, on sale 4th of September, where we will have the pattern for Pippa's clothes.

Hair today

If you find Pippa's hair a little tricky, just take your time and keep trying until you are happy with the result. Instead of stitching the hair in one big clump, try taking a small number of strands and securing these in place before continuing in this way down the back of Pippa's head.

To make up

Stitch together Legs and feet, adding toy filling as you go, taking care not to overstuff tops of Legs. Place tops of Legs on base of Body and sew neatly in place. Sew Arms, stuffing as you go, shaping ends to form hands. Pin on sides of Body and stitch in place. To make hair, cut several strands of yarn E each measuring approximately 25cm. Pin strands to top of head and mark a centre parting. Stitch down parting to oversew hair in place. Continue in this way down back of head until head is covered. Take hair and smooth into neat bunches at either side of head and tie in place using yarn C, sewing each bunch to side of head to keep in place. Coil Roses into shape and secure with a few stitches and attach one to each bunch of hair. Sew loops of yarn E to front of head to make a fringe. Using oddments of black and red DK and image as a guide, embroider eyes and a mouth **LK**

Knitted in a beautifully soft, pure cotton yarn, these cool school accessories will make a perfect gift for an eager student. The intricate stitches used in both designs look complex but they are created using four-row stripe sequences and straight forward stitches. You can play around with school house colours or your favourite shades to create something really unique.

Juniper Berry

Kelly Menzies' casual jumper will complete any autumn look

Fall is in the air, and for knitters that can only mean one thing: to start making that new season wardrobe! With simple shaping, a two-row pattern repeat, matching sleeves and identical front and back panels, it's an easy project even for beginner knitters about to embark on their first garment adventure. Keep an eye on your stitch count during the raglan shaping to make sure you have enough stitches to work a full pattern repeat at the end of the row.

Forward thinking

This pattern uses two different types of increases: yfwd and yrn. Both of these involve wrapping the working yarn around the RH needle to make a new stitch, but which one you work depends on whether you are working it between knit or purl stitches. Yfwd is worked between two knit stitches, whereas yrn is worked between purl stitches or between a knit and a purl stitch. Pay close attention as to where the increase occurs!

Dolman sleeves

This cardigan has a dolman construction, which minimises sewing up and means that the sleeves are integral to the main body of the jacket. There is usually a lot of space under the arms for freedom of movement, meaning a dolman sleeved garment is quite loose fitting, too. By working the front and back of this project separately, it helps to reduce the right-angle at which dolman sleeves extend and gives a more natural drape.

"I love this stitch pattern because it is such a simple repeat but it gives the impression of a more complex work. I'd like to think that a beginner, taking their first steps into knits and purls on the same round, could be really proud of this when they get compliments from friends and family. For a longer cowl, just cast on an extra ten stitches for each pattern repeat you want to add."

Rooster Almerino DK is lovely and soft thanks to its blend of 50% alpaca with 50% merino wool. It has a light twist to give it good stitch definition and comes in 20 colours.

a stunning accessory!"

Beginners and pros alike, we've got the perfect accessory to kick off the start of autumn! Made from a combination of knit and purl stitches, it's a simple project you're guaranteed to have finished before the cooler weather has time to set in. This pattern asks you to work stitches as they appear on alternate rounds; if you're not sure how to do this, read our Knitwise panel for some helpful hints.

Work it

This pattern asks you to work stitches as they appear on every alternate round. This might sound a bit confusing to start with, but it's simple once you know how to recognise the different kinds of stitches. Take a close look at the first round of your cowl. You will see there are some stitches that have a bump beneath them, and some stitches that are smooth. You need to purl the stitches that have a bump, and knit the stitches that are smooth. In each case you will be repeating the previous round, but saving yourself the trouble of remembering the pattern.

*Get ready for the new season with
Charmaine Fletcher's trio
of accessories*

It's always nice to feel co-ordinated when you leave the house and this matching hat, cowl and wristlets combo will put you in the right frame of mind. It's a really simple project which combines moss and stocking stitch, while using the heather effect of the yarn to bring additional texture. Just two skeins of yarn are needed to make the full set, which includes a hat (see overleaf), but if you just want to knit one or two items, read the About the Yarn section for exact quantities.

About the Yarn

Made from 100% Peruvian wool, Cascade 220 is a popular US yarn that is making waves over here. Its vast range of colours and effects makes this light, aran-weight yarn really versatile, although it must be washed by hand. The hat uses 88g, the cowl uses 83g and the wristwarmers use 25g.

Need an Alternative?

For a machine washable alternative, try King Cole Merino Blend Aran. It's made from pure wool and there are 20 alternative shades to choose from.

Knitting it straight

If you find double-pointed needles tricky to manage, it is easy to convert all these makes to be worked on straight needles. First, add two stitches to the number cast on. These will be used for seaming. As you have an even number of stitches, the moss stitch pattern does not need to be adjusted:

□ Row 1: (k1, p1) to end, turn

□ Row 2: (p1, k1) to end, turn

To keep the stocking stitch sections correct, work all even-numbered rows as 'p to end'.

Carefree cables

Knitting cables can be a little daunting if you're at a beginner or intermediate level but this pattern uses a method of looping yarn around a section of stitches to achieve a similar effect with a fraction of the difficulty. Ensure that you pull the loop to the same tension each time to achieve a cabled look.

Sparkling Seas

Treat your feet with Jane Burns' ocean-inspired socks

Colourful socks are a great way to jazz up a simple outfit and these ones have a metallic thread running throughout to give a brilliant sparkly finish. They are knitted in a wave pattern which is achieved by dropping yarn forwards. It's a really easy yet effective technique but if you've not tried it before, you may want to do a practice swatch first.

Star LETTER

"Dear Let's Knit,

I wanted to write and say thank you for giving me a brand new hobby!

I picked up a copy of Let's Knit while in a waiting room and was so inspired to learn how to knit. At 27 I thought I was too young to knit, but your range of modern patterns made me realise it's no longer a craft just for the old ones! Here is my first go at a big item - it's from your June issue and I love it!

So thank you Let's Knit - I'm now a yarn obsessive!"

Lorraine

Once a yarn-aholic, always a yarn-aholic - thank you for your letter, Lorraine! Knitting is most definitely a craft for anyone of all ages and we're so glad to hear we inspired you to pick up your first set of pins. Enjoy your Star Letter prize!

NAME THAT YARN

Here are three clues to our mystery yarn. Is it one that's in your stash?

- This pure cotton yarn looks and behaves just like a pair of jeans
- It shrinks a little when first washed and the colour will fade to create an authentic effect
- It comes in two traditional shades, as well as black

PURLS OF WISDOM

By Claire Thomas

Rip It Up And Start Again

Every so often, I surprise even myself. Like when I make dinner and it's edible. Or when I eat the fruit in the fruit bowl before it starts to present a health hazard. Or when I lose my rosewood needles - the ones as smooth as a polished baluster, which warm in my hands so delightfully as the rows grow from under them - and I search all over the house with growing urgency for an hour, and then discover that a pair of Lakeland colouring pencils are just the right diameter to serve as a substitute. So yes, I do surprise myself sometimes, but today I've actually flabbergasted myself completely.

It happened like this. As you may know if you read this column regularly, I have been engaged in the Herculean task

of decluttering my stash for a few months now. For it comes to all of us, at some point in life, to look at the double bed that is the scene of one's nightly slumber and think, "surely the point of that bed having legs is that those legs should rest on the floor. I wonder what's jammed under it that's lifting it up like that....Ah, I see." And at that point, I regretfully accepted that perhaps I should get rid of some of my yarn.

I tried several ways of thinning out the stash, the first being to get rid of anything mingling in colour and static of texture that I'd bought in a sale and so definitely wouldn't

knit with, even though the only reason for buying it was that there was enough in the sale bin to make a tank top with. That got rid of two of the 14 carrier bags of yarn under the bed. (There was more of that yarn than I'd thought. Maybe the tank top I was going to knit was meant to fit Godzilla.) I tried offloading nice yarn as presents for knitter friends. Even nicer yarn went on eBay. Generosity and the urge to make money got rid of a further carrier of yarn, leaving me

fresh out of ideas and with 11 carrier bags of yarn still pushing my bed towards the ceiling.

You can see how frustrated I was. And that's why, eventually, sick of thinking about it, I slung

all 11 bags in my car and took them to a far distant charity shop, one I wouldn't walk past and instantly find myself inside, trying to reclaim my precious stash. I don't need to tell you that this was not easy. As I sped away before I could wrestle the shop assistant to the ground and snatch the bags back, shouting "No! No! Give me back

"I have been engaged in the Herculean task of decluttering my stash"

the precioussssss!" I felt rather like someone abandoning a beloved dog at the RSPCA shelter. I won't lie. And I might have cried a bit, when I was safely home.

I know. You think I'm mad. And I did, too, at first. But honestly, I was so desperate, and I needed the space, and I'd tried everything else, and it was all I could think of. I felt terrible at first, naturally, but I soon emerged from that stage... as soon as I realised I could start rebuilding my stash from scratch. **Claire Thomas is a freelance journalist and founder of Stitch 'n' Bitch group, Knit Pickers**

Blueberry Babe

Your bundle of joy will be simply irresistible in a cardigan and hat combo from Sirdar

With the birth of a rather famous British princess earlier this year, it's safe to say that baby fever has well and truly gripped the nation over the past few months! Available in a range of sizes from six months to seven years, this cute cardi and matching hat will be adored by little girls everywhere, royalty or otherwise. The colourful tweed yarn can easily be substituted for a number of other yarns in the Sirdar Snuggly range, so as your precious bundle grows up, you can adapt any future incarnations to suit her changing tastes and styles.

Curious babes

Babies explore the world through their mouths, so it's important to make sure that every element of this garment is safe for even the smallest recipient to wear. Make sure everything is nice and secure by sewing into the knitted stitches as opposed to around them, and pay careful attention when you attach the buttons - if your little one is particularly adventurous, you could omit them altogether.

"This smart cardigan pattern goes all the way from newborn size up to ages six to seven!"

Strands OF LUXURY

WE EXPLORE THE INDULGENT
WORLD OF SILK YARNS

Silk is the perfect transseasonal fibre, keeping you cool in summer and insulated in winter. Not only that, it's a guaranteed way to add an element of luxury to any make. So we've carefully selected eight of our favourite yarns made with silk content. From the practical and budget to the luxury and delicate, there's one to suit any project and taste.

1 WENDY SUPREME COTTON SILK DK

The cotton fibres blend with silk to make crisp, structured knits with surprising softness. The 80% cotton and 20% silk fibres absorb the dye differently which highlights darker flecks to add texture and depth to your garments. One 100g (201m) ball costs £5.25 from **07974 954663**, www.awoollytail.com

2 CASCADE HERITAGE SILK

Smooth, soft and endlessly versatile, Heritage Silk is a true classic. Comprising 85% merino superwash wool and 15% mulberry silk, the blend is machine washable up to 30°C, making it a great yarn for luxury socks. One 100g (400m) skein costs £12.50 from **0845 544 2196**, www.loveknitting.com

3 ROWAN TRUESILK

The intricate chainette structure of this pure silk yarn compliments the opulent fibres and gives garments a lavish structure and graceful drape. Available in fourteen sumptuous shades, Truesilk is perfect for small garments and ladylike accessories. One 50g (150m) ball costs £11.95 from **0131 558 1747**, www.mcadirect.com

4 DEBBIE BLISS LUXURY SILK DK

A classic pure silk yarn which is nothing short of yarn heaven. The super soft fibres have a delicate twist to create an ultra supple yarn in a gorgeous array of solid jewel-inspired and self-striping shades, complete with a silky sheen. One 50g (100m) ball costs £9.95 from **01782 862332, www.cucumberpatch.com**

5 DROPS BRUSHED ALPACA SILK

Each fun, fuzzy ball of Brushed Alpaca Silk is an opulent cloud of 77% alpaca, 23% silk fibres with a budget-friendly price tag. The delicate pastel shades highlight the halo of this super soft yarn and blends beautifully with the silk content, making cosy garments

an affordable luxury. One 25g (140m) ball costs £2.20 from **0800 505 3300, www.woolwarehouse.com**

6 JUNIPER MOON FARM FINDLEY

A lush lace-weight yarn comprising 50% merino wool and 50% silk, Findley comes in bright, neutral and deep shades to suit any season and inspiration. For lovers of lace patterns, this is a smooth stash staple. One 100g (730m) ball costs £6.49 from **01621 815576, www.thecheapshoptiptree.co.uk**

7 NORO OBI

Noro's beautiful 55% wool, 35% silk, 10% mohair blend in a chunky weight knits up to create quirky a unique look in a range of vibrant colourways. As with all Noro yarns, the rustic texture is highlighted by the hand-dyed multi-tonal specs of colour. One 100g (160m) ball costs £14.36 from **01829 740903, www.laughinghens.com**

8 TWISTED STITCHES WE HAD ALL FOUR SEASONS IN JUST ONE DAY

A hand-dyed and hand-spun cosy mix of 60% merino, 20% silk, 15% kid mohair and 5% nylon, this yarn has a delightfully soft yet charming rustic feel to it, perfect for autumnal weather. One 100g (190m) skein costs £16 from **01226 730826, www.twistedstitches.co.uk**

STYLISH STAG CUSHION
BY JANE BURNS

October issue of Let's Knit on
sale Friday 4th September

TIGHT KNIT *community*

This year marks the centenary of the Women's Institute. We chat to Jane Probitts, Chair of the NFWI Craft Committee, about the role knitting has played in the organisation.

WHAT DOES KNITTING MEAN TO THE WI?

Many people enjoy knitting and WI members are no exception. It is a very sociable activity and can bring together communities, generations and cultures. It also teaches new skills and encourages the sharing of ideas, and can be the perfect medium to discuss a huge variety of issues that affect women. WI members often meet up outside their monthly WI meetings to form additional craft groups or Knit and Natter type groups.

HOW HAS ITS ROLE CHANGED OVER THE PAST 100 YEARS?

I'd say that it's the type of things that members knit and the reasons for knitting them that have changed over the past 100 years. During the war years WI members knitted much more for need. In WWII millions of clothing items like gloves, socks, helmets were made for the troops, POWs, Civil Defence teams, evacuee children and

hospital patients as well as for home use. Since those challenging times, members still use knitting skills to support good causes. Some examples include thousands of hats and blankets for premature babies in local hospitals, as well as jumpers for "Fish and Chip" babies in Africa that were otherwise sent home wrapped in newspaper. These days however, there is such an exciting range of yarns in wonderful colours available to knitters, and WI members enjoy using them as much as every other knitter.

HOW IS THE WI CELEBRATING ITS CENTENARY FOR KNITTERS?

One of our key projects has been run with Kingston University students. A group of members from around England and Wales were teamed up with final year fashion students at Kingston University to produce 11 knitted garments and accessories. It was a great success producing amazing things and the fashion show exhibiting the garments closed our Annual Meeting. Some garments were even being knitted with wool spun using fleece from the member's own sheep! The garments will also be appearing at the WI Centennial Fair in Harrogate 3-6 September as well as at the Knitting and Stitching Show in October.

WHY IS KNITTING STILL RELEVANT TO A MODERN WI MEMBER?

It is a great way to share and pass on skills. In recent years, the NFWI have worked in collaboration with the Crafts Council and

The WI recently teamed up with Kingston University fashion students

Ezzidin Alwan

the UKHKA to help set up Craft Clubs in schools, and many WI members have gone into schools to teach children to knit. Sadly knitting went through a dip in popularity that meant a generation missed out on learning from family members at home, but WI members have been able to help fill that gap.

CAN YOU RECALL ANY SPECIAL KNITTING MOMENTS IN WI HISTORY?

The WI holds the world record for the most people knitting simultaneously for 15 minutes! On 30th May 2012 at the Annual Meeting in the Royal Albert Hall, 3083 members each knitted a link to go into making a very long knitted chain. With the help of the UKHKA it is currently just under a mile in length and we are hopeful it will reach that magic number very soon. Without a doubt, knitting features highly and I don't doubt it will continue.

Marita Rolin shows us how to get the autumn/winter season off to a stylish start

Flaming reds, burnt oranges and rich chocolates are all shades us knitters can enjoy to our hearts' content throughout the cooler months of the year. Using a luxurious alpaca yarn, this classic pattern combines all three shades with three-quarter length sleeves, an elegant neckline and a ribbed middle section accentuating the waist to create a timeless fall garment. Remember to work a selvedge stitch at the beginning and end of every row – see our Special Abbreviations panel for more.

Switch to reverse

This pattern asks you to work the second side of the jumper to match the first side. To make the two sides match, you will need to reverse the shapings of the second side, meaning you will essentially be making a mirror version of the first side: for example, instead of casting off stitches at the beginning of a RS row, you will need to cast them off at the beginning of a WS row instead. You will have to watch which way your decreases lean, too. Take your time and take advantage of stitch markers, row counters and other helpful tools to keep track of where your decreases are supposed to be worked.

"Remember that the buttons on this garment are purely for decorative effect – there's no need to work any pesky buttonhole rows!"

Folk Charm

*Julie Ferguson's poncho and hat
channel autumn runway style*

This stylish set uses a gorgeous rustic yarn highlighted with tweed flecks for added charm. The asymmetrical poncho shape is inspired by this season's 70s trend seen in designer fashion autumn/winter collections. The pattern uses moss stitch, knits and purls on a slant to emphasise the chic shape. So whether you're heading back to uni, strutting the streets of London or embracing brisk morning dog walks, this pattern will ensure that you exude new season style!

Striking stitches

Moss stitch may look complicated but it's straightforward and creates a deceptively impressive effect. It is achieved by alternating knit and purl stitches to create a mini checkerboard effect. When working an odd number of stitches, as in this pattern, work as follows:
Row 1: k1, (p1, k1) to end
Repeat this pattern until work measures desired length. Make sure you bring the yarn back and forth between the needles to work the knit and purl stitches.

11,000 PEOPLE KNITTING FOR PEACE

One of the most prominent knitting charities, Knit for Peace sends knitted or crocheted items to those in need both abroad and here in the UK, including refugee groups, hospitals, clothes for orphans and more. With an estimated 11,000 knitters, the charity has also established a number of Knit for Peace groups in developing countries such as Nepal, so knitters in these locations can earn a modest income from their craft. You can call **020 7794 9835** or visit **www.knitforpeace.org.uk** for patterns, donations and more information about its unique knitting holidays.

It's well known that us here in the UK are generous folk – every year, we donate around £10 billion to various charities and campaigns. Your beloved hobby is the perfect craft for helping those in need: not only is knitting for charity one of the most rewarding things you can do as a crafter, but you're also using it to make the world a better place, one project at a time. Pick up your pins and find out just how you can put them to good use by helping people right across the world.

JOIN THE BIG KNITATHON THIS NOVEMBER

The Big Knitathon is hosted annually by The Big Issue Foundation and calls for groups of crafters across the UK to get sponsored for a knitting marathon session on a date of your choice in November. The money made from sponsorship and selling the finished projects supports homeless and vulnerable Big Issue vendors through the winter months. To get your Big Knitathon pack, including a selection of quick knit patterns from Search Press to get you on your way, go to **www.bigissue.org.uk**

£50,000 RAISED BY PATTERN DOWNLOADS

Started back in 2008, p/hop – 'pennies per hour of pleasure' – is a project that raises funds for the international humanitarian aid charity Médecins Sans Frontières/Doctors Without Borders (MSF). One element of the project is for crafters to download one of the 60 patterns on the website in exchange for a donation based on how many hours of pleasure you will get from making that pattern. Go to **www.p-hop.co.uk** or email **p-hop@london.msf.org** for more information.

HELP WOMEN WITH BREAST CANCER

Breast cancer is the most common cancer in the UK, and unfortunately some women require a mastectomy to beat the disease. For those women who want an alternative to silicone breast prostheses, volunteers at Knitted Knockers UK create custom-made breasts using 100% cotton. Each pair costs around £10 on average to make, but the charity sends them free to the ladies out there who need them. At present, the charity is not taking on any more volunteers, but keep an eye on www.knittedknockersuk.com for when it will be accepting new applicants.

"I've knitted over 300 miniature hats for Age UK!"

LET'S KNIT READER CINDY BOOT TELLS US ABOUT HOW SHE STARTED KNITTING FOR THE INNOCENT BIG KNIT CAMPAIGN

Can you tell us a little bit about the Innocent Big Knit?

Knitters are asked to make the most of their talents by picking up their needles and make little woolly hats to place on the little Innocent smoothie bottles. The campaign started back in 2003 and the money raised goes towards supporting older people during the cold winter months: for every bottle and hat sold, Innocent makes a donation of 25p to Age UK. I thought that I would knit a few hats - it looked like fun. I did knit a few hats and I quickly found myself getting addicted to the craft - I made 130 little hats in the first year, each a different design.

What is about the tiny hats that appeals to you?

Knitters always have oddments of colours in their stash, and these hats are perfect to use up those pesky scraps of yarn. Many older people also like to be involved in the campaign and these items are small enough for them to manage.

Where do you get the inspiration for your wealth of designs?

Knitters are so friendly - they are more than happy to share their photos and patterns on websites and you know you are not working alone. As I make every new hat, each one is always my favourite until I find the next pattern! I do have a soft spot for the animal ones and the hats with character faces. Each becomes alive as its little features are stitched.

For more information about the Innocent Big Knit, go to www.thebigknit.co.uk to find out how you can get involved, visit www.letsknit.co.uk to download a free pattern for the campaign by Val Pierce!

KNIT A DUCK FOR ORGAN DONATION

The Little Yellow Duck Project calls for knitters, crocheters and stitchers alike to create little ducks to leave in public places for other people to find. The ducks all feature a special tag inviting the finder to register their gift and the story of how they found it on the website. In doing so, the charity aims to inspire people to pledge their own random acts of kindness by donating blood, bone marrow and organ tissues to those in need. Head over to www.thelittleyellowduckproject.org for more information.

WHAT ELSE CAN YOU DO?

1 YOUR LOCAL YARN SHOP

Pop into your bricks and mortar store to find out if it has any charity campaigns taking place - visit www.letsknit.co.uk to find a local yarn shop near you!

2 VOLUNTEER

If you're a pro knitter, try getting in touch with your local youth centre and offering to teach some youngsters how to knit. Using your free time in such a way certainly makes people feel cared for.

3 HOMELESS SHELTERS

With the colder weather on the way, people who have fallen on hard times need blankets, jumpers and other items of clothing to help them through the winter.

4 CLOTHES FOR PREMATURE BABIES

The early months of a baby's life are always when they are most vulnerable, especially for preemies. Contact your local hospital and see how you can help or visit www.bliss.org.uk

5 DONATE!

Projects you no longer want, yarns you won't use, other items taking up space in your stash - charities are always grateful for any contribution you can make. If in doubt... donate!

Hare Style

Give your beloved phone a woodland makeover from Ella Austin

There are certain knitting-related words that beginner knitters will avoid in their very early days – intarsia, Fair Isle and other colourwork techniques certainly fall under this category! Fortunately, this cute project uses the simple Swiss darning method to work the hare chart onto the front panel of the cosy. Don't forget to make a fluffy pompom to attach to the back of the cosy and complete the transformation!

Swiss darning

Rather than using fiddly colourwork techniques, the hare motif on this phone cosy is worked using the Swiss darning method, otherwise known as the duplicate stitch. It involves stitching small V shapes over the top of already knitted stitches to place a new colour over the top. To work a horizontal row, bring the tapestry needle through from the WS of the work at the base of a stitch, then take it under the two loops at the base of the stitch above. Put the needle back through the work where it first came out at the base of the lower stitch, then bring it out at the base of the next stitch to the left. Repeat across the row.

Feline Fun

*Your furry friends will
adore **Susie Johns'** cute
cat toys!*

Knitting for pets is enjoying something of a purple patch with lots of books on the subject hitting the shelves.

As cats don't always enjoy playing dress up, opt for fun and colourful toys instead. Designer Susie is a true cat lover and has come up with a selection of easy makes. There are three sweet mice, a stripy ball and a fish on a fishing line, which will create hours of playtime with your pet.

Purr-fect
novelty
project!

About the Yarn

King Cole Merino Blend 4ply is a pure wool yarn that has been treated to make it machine washable. It's really easy to knit with and comes in more than 30 colour options.

Need an alternative?

This project requires small amounts of each colour, so why not raid your stash to see what 4ply yarns you can use!

Let's Shop

King Cole Merino Blend 4ply costs £3.80 per 50g (180m) ball from 01905 778381, www.iloveemms.co.uk

Safety first

Your cat is likely to bite and chew these toys, so make sure the pieces are all securely attached. If you are going to substitute the yarn, make sure the fibres won't shed and avoid eyelash and faux fur yarns. You'll also want them to be machine washable, so be aware when choosing stuffing.

meet our DESIGNER

"My cats are getting old - the eldest, Pansy, is well over 18 years - but they still like to play with toys. Place a bell or two inside these toys, along with the stuffing, so they jingle."

Woodland Explorer

Nicola Valiji's fox-inspired headband is perfect for playful teens

The chilly mornings are on their way and this fun accessory will be perfect for keeping your teen's ears toasty and putting a smile on their face at the same time. Using a super-value aran yarn, you can knit this in a weekend for a price that won't damage the pocket money funds. The intarsia colourwork method is used on the white panel - remember not to pull your stitches too tightly or your fox's face will pucker! Pick up everything you need from your local yarn shop - call 01535 609798, or visit www.stylecraft-yarns.co.uk to find a stockist in your area.

Thumb cast on method

This method of casting
on is quick and uses only
one needle. Make a slip
knot and place onto your
needle. This is your first
stitch. Holding the needle
in your right hand, wrap the
yarn around your left thumb.
Insert the needle through
the loop around your
thumb, slide your thumb out
and pull the yarn to tighten.
You now have two stitches.
Repeat until you have your
desired number of stitches.

Try different crochet motifs in Sarah Hazell's cosy cushion

Granny squares are such an iconic design and there are so many motifs to have a go at! This cushion uses the traditional shape on the reverse side, with circles and stripes on the front which creates a patchwork of colourful panels. Sarah Hazell is known for her brilliant colour combinations and these shades remind us of a north African adventure!

DESIGNER

"It is useful to identify the first stitch of some rounds with a lockable stitch marker as this makes joining to the correct stitch easier."

Sam (aka Sam-Ewe-Wool) of Emm's and Sew Much More

What does it mean to be nominated in the British Knitting Awards?

We really try to champion our store and when we were nominated for the best yarn store in the Midlands, it was real recognition for our work. We have some fantastic competition in the Midlands and we wish everybody the best of luck!

What does Emm's and Sew Much More offer to crafters in the Droitwich area?

We offer a place to meet, to spend the morning, afternoon or evening at our two Knit and Natter sessions, dressmaking classes and knitting, crochet, sewing and quilting workshops.

Tell us about the shop's recent expansion?

In the Summer of 2013, we were running out of space and plans were hatched to expand. After a little persuasion and a few quilting and sewing magazines placed strategically around the shop, we opened the dressmaking and quilting shop next door and became Emm's & Sew Much More.

What yarns and patterns are you most excited about at the moment?

We stock a wide range of yarns including King Cole, Rowan, James C Brett, Debbie Bliss, Tivoli, Louisa Harding, Katia, Adriafile as well the patterns to go with them. We are also extremely excited to be introducing three brand new ranges from Ella Rae, Lotus and Juniper Moon Farm!

Deputy editor **Adrienne Chandler** shows you how to embellish your work and add character to your knitted toys

STRAIGHT STITCH

Step 1: Bring the yarn out through the fabric from back to front.

Step 2: Take the yarn back through the fabric one or two stitches along, depending on the desired length of your stitch.

SATIN STITCH

This is made up of lots of straight stitches worked closely together, and is often used for noses on toys.

BACK STITCH

Step 1: Sew one straight stitch, then bring the yarn out one stitch along.

Step 2: Insert the needle back through fabric at the end of the previous stitch.

Repeat Steps 1-2 for a continuous line of stitching.

LAZY DAISY

Step 1: Bring the yarn out through the fabric from back to front and go back through the fabric at the same point, leaving a loop on the front of the work.

Step 2: Bring the yarn out towards the top of the loop and secure the loop in place with a small straight stitch.

Repeat Steps 1-2 for each petal.

CHAIN STITCH

There are two ways of creating this effect:

Step 1: Bring the yarn out through the fabric from back to front and go back through the fabric at the same point, leaving loop on the front of the work.

Step 2: Bring the yarn out towards top of loop and go back through the fabric at the same point, leaving another loop on the front of the work.

Repeat Steps 1-2, each loop secures the previous loop.

Finished stitch

On the final stitch, secure the last loop with a small straight stitch.

Alternatively, you can work the stitch in reverse:

Step 1: Sew one small straight stitch and bring the yarn back out one or two stitches down.

Step 2: Insert the yarn underneath the straight stitch and go back through the fabric at the entry point.

Step 3: Bring the yarn out through the work one or two stitches below the last stitch, then take it underneath the two strands of the 'v' of the stitch above and back through the entry point.

Finished stitch

TOY FACES

Use a combination of these embroidery techniques to create personalities for your knitted toys. The expression of a toy is really important, as it can easily change from cute to creepy with just a few stitches. It's good to do a practice swatch and try out a few different looks.

TENSION HEADACHE

It's really important to knit tension square before you begin a project. Not everybody knits the same way - some knit more tightly than others - and this will affect how the stitch pattern looks and the finished size of the item. Tension squares are usually presented like this:

22 sts x 30 rows
10cm x 10cm
stocking stitch
4mm needles

To knit your tension square, cast on the instructed number of stitches, in this case 22, plus five more. Then, using the needle size and same stitch pattern given, work the instructed number of rows, plus five more. Using a ruler and taking your measurements from the centre of the square, count the number of stitches and number of rows over a 10cm square. If you have more than you should do, it means your knitting is a little tight and you may need to use larger needles. Similarly, if you have fewer stitches and rows, use smaller needles to get the correct tension.

"Using the correct size of needles for the yarn weight helps to produce a taut, neat fabric"

AT A LOOSE END?

Follow these steps for weaving in any tails of yarn:

1. Thread the yarn on to a tapestry needle and work with the WS of the project facing upwards.
2. Insert the needle under the loop of each stitch, and draw it through. Work it

up and down the loops of the stitches for 8cm. An alternative method is to weave through the back of the stitch, splitting the strand of yarn as you sew.

3. Cut the yarn close to the fabric.

NOTE: In colourwork, weave the yarn tails into the matching colour section.

SUBSTITUTION

There are many reasons to want to substitute the yarn given in a project, from price to colour selection, but there are some important points to remember.

- Choose a yarn with a similar tension to the suggested yarn. Match the tension given on the ball band of the yarns, as the pattern may use a different stitch. Remember to do a tension square in the new yarn before you begin.
- Consider the fibre content of the yarn and how this might affect the finished project. For example, cotton yarn will knit up very differently to a wool yarn.

- Don't forget to check the care instructions of your new yarn. Not all yarns are machine washable.
- Look at the meterage of the new yarn, rather than the weight of the ball. Not all 50g balls have the same meterage and you don't want to run short when nearing the end of your project.

ON THE BLOCKS

Blocking is the process of stretching and shaping your finished items to create the correct dimensions from the pattern and even out your stitches. It is also really useful for ensuring that pieces to be joined fit well together. There are a few different ways to achieve this, so check the information on the yarn ball band and pick the most suitable option.

Wet blocking: dampen the pieces so that they are wet through and gently squeeze out the excess water. Lay out the pieces and pin them to the correct measurements,

then leave them to dry. For delicate fibres and lace projects, you can just spritz the pieces with a water spray, rather than submerging them fully.

Steaming: lay a damp cloth over your work and gently iron over the top – do not iron directly on to your knitting. Continue to iron until the cloth is dry. Another option is to gently hover over your work with the iron and apply steam until the knitting relaxes, this is good for delicate projects and textured stitches. Pin to the desired measurements and allow to set.

KNIT STITCH

1 Once cast on, insert the tip of the right needle upwards and from front to back into the top stitch on the left needle. The right hand needle should sit behind the left hand one. Wrap the ball end of yarn anticlockwise around the tip of the right hand needle.

2 Using the right hand needle, pull a loop of the wrapped yarn through the original stitch to create a new one on the right hand needle. Slide the original stitch off the left hand needle. Repeat from step one. You are now knitting! The knit stitch can be combined with other stitches to create hundreds of different stitch patterns.

HELPING HAND

If you need a refresher on basic knitting techniques, visit our website www.letsknit.co.uk.

You'll also find the following step-by-step instructions in the magazine:

Workings sts as they appear, p32

Deliberately dropping sts, p47

Reversing shaping, p64

Moss st, p67

Thumb cast-on, p81

p47

MAKING A SLIP KNOT

1 Holding the yarn under your left thumb, wrap it twice around your left index and middle fingers, with the second loop closer to the base of the fingers. With the backs of the fingers uppermost, insert the tip of the needle beneath the first loop and over the second, and pull the second loop under the first.

2 Remove the two fingers and gently tug on both ends of yarn to tighten the slip knot around the needle.

GRAFT THE TOE

Kitchener Stitch is the method used to achieve this. It is worked as follows:

SET UP: Before starting you need to prepare the stitches on the needle. Hold the two needles with the remaining stitches parallel. The loose end of yarn should be coming from the back needle and lying to the right of the work.

1 Thread yarn end onto a tapestry needle and insert it purlwise into the first stitch on the needle closest to you. Pull the yarn through but leave the stitch on the needle.

2 Insert the tapestry needle knitwise into the first stitch on the back needle and pull the yarn through, leaving the stitch on the needle.

3 Having set up as shown in steps 1 and 2, repeat steps 3 and 4 until all stitches have been grafted. Insert the tapestry needle knitwise into the first stitch on the front needle and slide the stitch off. Before you pull the yarn through this stitch insert the tapestry needle into the next stitch on the front needle purlwise and pull the yarn through, this time leaving the stitch on the needle.

4 Insert the tapestry needle purlwise into the first stitch on the back needle and slide it off. Before pulling the yarn through this stitch, insert the tapestry needle into the next stitch on the back needle knitwise and pull the yarn through, leaving the stitch on the needle.

CABLE CAST ON

1 Create a slipknot on your left hand needle, pulling it taut (but not too tight). Carefully insert the right needle into the knot from front to back, passing under the left hand needle. Wrap the ball end of yarn anticlockwise around the point of the right needle.

2 Pull the loop that forms back through the original stitch (knot) and insert the tip of the left hand needle into the new stitch from underneath to transfer it from the right hand to the left hand needle. There should now be two stitches on the left hand needle.

3 Insert the right needle between the two stitches on the left needle and wrap the yarn around the needle tip anticlockwise. Draw this loop through to make a stitch and slip it up and onto the left needle. Repeat this creating a new loop behind the last stitch and passing its left needle in front of the previous one.

BACK STITCH

1 Pin the pieces to be joined, with the right sides together. Thread the loose end of yarn onto a tapestry needle. Start by stitching the two outer edges together, then bring the needle through the two pieces 1cm from back to front ahead of the previous stitch.

2 Push the needle back through at the position where the yarn emerged from the previous stitch. Return it to the front of the work, approx 1cm ahead of the stitch just made. Repeat this until the whole join is complete, working in a straight line.

JOINING CAST OFF EDGES

1 Lay the two pieces to be joined right side up and with the cast off edges touching. Thread a tapestry needle with the loose yarn and push this through the centre of the first stitch, and then in and out through the centres of two stitches on the opposite side.

2 Take the needle over to the first side and insert where it previously exited, bringing it out through the centre of the next stitch. Repeat this process alternating sides and stitching single stitches until the pieces are joined.

BEGINNING A SEAM

1 With the pieces placed next to each other with right side upwards, thread the yarn tail through the fabric after the first stitch, moving the needle from front to back. Then, take the needle behind the first stitch on the second piece from the back of the work to the front. The yarn will form a figure 8. Tug gently to secure.

MATTRESS STITCH

1 With the two pieces to be joined lying next to each other, hook the horizontal bar of the first stitch with the tapestry needle. Move to the other piece and hook the first horizontal bar of the stitch on that side.
2 Repeat this moving from one piece to the next and pulling the yarn to tighten the join.

Creative Insider...

with Alciara Young - owner of KnitUK

Where did you get your inspiration to open your own online knitting shop?

When I was studying hand knitting, I found that I was always in need of new yarn, accessories or patterns which meant pausing my work to go to my nearest yarn shop. If they didn't stock what I was after, I had to travel further and sometimes couldn't find what I needed at all. This sparked the thought that an online store would help knitting students like myself, who often have too much coursework to spend time traveling and browsing bricks and mortar shops. I have a good knowledge of computers and love knitting so I went to a short business course and KnitUK was born. Now, knitters can place an order online from the comfort of their home, sit back, relax and receive their products the next day!

What do you look for when choosing yarns to stock at KnitUK?

First and foremost, they need to be soft! Of course, we use reliable distributors to stock us with a variety of yarn fibres of different weights and colours, many of which are British. We even launched KnitUK's own brand of yarn on our first

anniversary called Cornish Chunky which is a gorgeous British yarn, spun in Cornwall.

Can you tell us about some of products you are most excited about at the moment?

Without a doubt it's the new S-Loom. We sell them worldwide and everyone loves them. It's a type of Serenity Knitting Loom with a smaller gauge that produces good size blankets, afghan and throws even when knitting with thinner yarns like Aran or DK. As the peg-heads have a 'slim' profile, it's possible to use chunky yarn with the extra-pegs inserted, then you have a thicker fabric and double the number of stitches than when loom knitting with a regular Serenity Loom, so it produces a wider blanket!

What do customers most love about KnitUK?

KnitUK customers always complement us on our packaging, despatch & speedy delivery. I often receive messages with kind words about customer service. Our goal is to provide excellent service because customers are our priority.

“Make the first step... that’s how every journey starts”

We chat with **Justyna Kacprzak** about knitting, crochet and designing her adorable dinosaurs!

This has certainly been the year of the dinosaur, largely thanks to the release of a bumper blockbuster film one or two of you might be familiar with! Crocheter Justyna Kacprzak certainly hasn't missed the trend: her new book, *Dinosaur Amigurumi*, comes out on the 28th of August and celebrates these often fierce reptilians with an irresistibly cute and cuddly twist. With a fabulous website that includes a fun-filled blog, tutorials, patterns and more, Justyna will have you on your way to creating your own Jurassic world in no time!

I started knitting quite early, when I was a little girl. I watched my mum knitting and wanted to be able to knit as well – I loved how quickly the needles moved in her hands and how, by slipping loops, a piece of fabric was created. When I was a teenager, I decided I wanted to learn how to crochet, but it didn't go very well! Finally, when I was in high school, my aunt succeeded in teaching me my first crochet stitches. I'm thankful for that because I can't imagine my life without crocheting now! But I'm equally thankful to my mum, as I'm sure I wouldn't be willing to learn crochet if I hadn't tried knitting first. Plus I love being able to do both!

At first, I wanted to sell handmade teddy bears, so I designed my own to make and sell in my Etsy store. But I also tried selling the pattern itself (after testing it of course) and it sold quite well, especially considering that it was my only pattern. That gave me the confidence to try again! My second serious pattern is my current bestseller – a schnauzer. Now I've got my own website, *Cute and Kaboodle*, which is a place where you can find most information about all of my patterns, publications and myself on my blog. I also put some tutorials there from time to time. I wish I had more time to take care of the website and add even more fun content – but with two small kids at home it's not really that easy!

It was a pleasure to work on my book *Dinosaur Amigurumi* because I love dinosaurs and also because my publisher's staff are amazing and very supportive. We chose several dinosaurs to present in the book and we hoped to get a mixture of well-known and loved dinos as well as some new and forgotten ones. I must admit I learned a lot during the process, too! I had to look at each of the dinosaurs from every angle. I also read about each of them, so it was a great learning experience, too!

My general advice to knitters and crocheters who want to start designing their own makes would definitely be don't be afraid to try. I know that setting up your own business and sending first submissions can be scary (and it was for me, too!) – but if you don't give it a go, you will always be in this frightened position. If, on the other hand, you make the first step, it'll only get easier. If you don't know where to start, start with writing a pattern down for one of your improvised creations. It may not be easy – or extremely enjoyable – but that's what designer's job is about, too. If you can do that, you will make the first step and that's how every journey starts.

TOP FIVE

Justyna's top choice of yarns in her stash

- 1 Malabrigo Chunky** – I got this from my husband last Christmas – I'd love to use it to knit a cosy cowl for myself.
- 2 Lion Brand Superwash Merino Cashemere** – I've already made a hat made using this yarn that is waiting for the matching scarf!
- 3 Knit Picks Comfy Worsted** – It's great for my amigurumis.
- 4 Garnstudio Drops Loves You IV** – This yarn has a fibre combo that's both new and interesting to me.
- 5 One of my alpaca yarns (maybe Jaeger Alpaka Pur?)** – Because I adore alpaca yarn!

Hugo the Hedgehog

Make Ella Austin's woodland friend to take on an autumnal stroll

Although hedgehogs are one of the oldest mammals on earth, their population has dropped by a third in the last ten years. So we think it's only right to celebrate them by knitting spiny little guys like Hugo! The pattern is really quite simple and involves basic increasing and decreasing to shape him symmetrically. We've included some tips for knitting with eyelash yarn so that you can have a brilliant little hedgehog to accompany you on your next afternoon walk!

Fancy yarn

Eyelash yarn can be difficult to work with if you are unfamiliar with it. Here are some simple tips to ensure your Hugo is as brilliant as possible:

- Cast on loosely. Because of the fine strands surrounding the main thread of the yarn, you might find that your stitches become tighter than intended.
- Ensure that your needle goes under the main thread of the yarn, not one of the eyelashes. It's easy to confuse the two when knitting.

- Use markers to keep track of your stitches. The eyelashes make it difficult to count your work.

- Fluff the eyelashes every few rows so that you can see how your finished piece will look.
